NEWS FROM THE VICE.....

Happy Holidays to EVERYONE !

I hope everyone is doing well. First I would like to send apologies to club members and others that the Turkey Trot had to be cancelled for unforeseen circumstances. Tommy Cope's mother became ill and was hospitalized and it was not going to work out. We will try and schedule a later event either later in the season or possibly spring. I have recently spoke with Tommy and she has stabilized somewhat but is still in the hospital. Tommy, our thoughts and prayers are with you and with all these horse people out there, please let us know if there is anything we can do.

Unfortunately, Myself and my family will not be able to attend the Holiday Party this year as it conflicts with other plans that we must be at. I do hope that if you can go it is a great time and great food. This year as you know it will be held at Tucker's in Advance.

Not doing much riding or driving right now. Just trying to stay warm! Hope everyone has a great Happy and safe holiday season

Drive safely, Linda

TTC BENEFIT SHOW 11/2/2008

horseback games in the arena. I asked about Precious & I and any other carriages doing the games but by the time we returned from the Poker Ride Precious was just about done in and we were the only carriage there. I carried Jeff, Marilyn and Laura in the carriage out on the poker ride and we picked up all the arrow markers since we were the last to go through the course. What a beautiful place. The hills were pretty steep in places, poor Precious had all she could do carrying 4 people in the carriage. We finally had to empty the carriage of passengers towards the end where some of the hills were the steepest. It's no wonder she was "done in". Bev told me they raised over \$5700.00 to be split between the 5 people who lost their horses in the barn fire and H.E.R.O. (Horse Education Rescue Organization) raised \$1070.00 selling food. I talked to Beth McCashin about WWDC using TTC for an event and she would be VERY pleased to have us come out. I told her we had events planned through April but the rest of the year is open for us. She said May, June & July are bad since they are usually haying, but anytime after that.....Ideas or suggestions anyone? Any one willing to work with me to set something up?

CAN ANYONE HELP?

Pat Land here

I was at DCLAH yesterday and Dr. Lisa Baucom told me about a 15yo, 16hh Percheron or Shire mare (Dr. B wasn't sure of her breed, she is grey) who has squamous cell carcinoma in her eye. The mare was given away once already, treated @ two years ago Dr. B removed most of the third eyelid at that point. The squamous cell is back and the eye probably needs to be removed - Dr. B heard about the mare's plight day before yesterday but has not seen her. This mare rides and drives. The folks who have her now are willing to give her away. Do you think you could post to the WWDC members to see if anyone wants to take her on? I would be willing to raise

money for her surgery - probably around \$700-800. Thank you. Cheers - Pat Land E-mail: landwink@aol.com
